

PROGETTO ESECUTIVO

The diagram is a key plan of the Basilica of San Giovanni Evangelista. It consists of two parts: an exterior elevation on the left and a floor plan on the right. The exterior elevation shows the front facade of the church, featuring a large central dome with a lantern, flanked by two smaller domes. The floor plan shows the interior layout, including the nave, side aisles, and the apse. Red lines and arrows indicate the orientation of the building, with 'prospetto ovest' (west facade) pointing towards the left and 'prospetto sud' (south facade) pointing towards the top. The plan also shows the location of the main entrance and the apse.
